LEADERS

# LiDRS Practitioner Program

**The LiDRS® Practitioner Program (LPP) is for everyone who wants to work actively on personal development and leadership development. The special thing about this program is that after following it, you will also be able to guide others in developing their leadership skills.**

An inspiring leader connects, dares to make decisions and allows talent to flourish. In order to be able to do this - in all the hustle and bustle of the day - you have to be able to have a complete overview of the current situation, both inside and outside your organisation. The LiDRS® Practitioner Program gives you all the tools you need to tackle the greatest challenges of leadership.

*"The LiDRS® Practitioner Program provides tools and new insights into your leadership qualities and development points. The training ensures that you are able to guide others in their development."*

**Hans, Program manager**

## **The aims of the program**

When you know what your motives are and where your intrinsic motivation as a leader lies, you are able to bring about change. For yourself but also in your team. Through interaction with fellow participants and trainers, you learn to use your talent and ambition to make your team function and develop optimally.

Focus points in the program:

- Continuous personal development and the development of leadership skills.
- Skills in using coaching tools for a leader.
- Insight into your strong and weaker qualities as a leader.
- Advice to inspire, motivate and convince.
- A network of experienced leaders and trainers.
- Insight into the theory and practice of the LiDRS model®.

## **After the LiDRS® Practitioner Program**

After this program, you will know exactly where your strength lies and you will be able to help others with their personal and leadership development. In addition, you will be given many tools to work on your own development and learning goals in practice.

## Lifelong learning

In six days (spread over several weeks), you follow an intensive program under the guidance of two inspiring trainers and experienced leaders. The program has room for a maximum of ten participants.

At the end of the LiDRS® Practitioner Program, you will automatically be kept informed about all developments in the field of leadership. As a LiDRS® practitioner you will be invited to our intervision sessions, you will meet other trainers and consultants and guest speakers will be regularly invited to reflect on the themes of leadership and personal development. In short, you choose for effective and lasting development with the LiDRS® Practitioner Program!
